### Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevents lilness and keeps us fit.

Just as cool, when it burnes, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste, toxins, and ptomaine-like poisons are formed and sucked into the blood.

Men and women who can't get feeling right must begin to take inside baths. Before eating breakfast each morning drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash out of the thirty feet of bowels the previous day's accumulation of poisons and toxins and to keep the entire alimentary canal clean, pure and fresh.

Those who are subject to sick headache, colds, billousness, constipation, others who wake up with bad taste, foul breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals are urged to get a quarter pound. behind a certain amount of incom-

breath, backache, rheumatic stiffness, or have a sour, gassy stomach after meals, are urged to get a quarter pound of limestone phosphate from the drug store, and begin practicing internal sanitation. This will cost very little, but is sufficient to make any one an enthusiast on the subject.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.—Advt.

# **ACTIVE WITH A** GLASS OF SALTS

Must flush your Kidneys occasionally if you eat meat regularly.

Noted authority tells what causes Backache and Bladder weakness.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a wellknown authority. Meat forms uric acid, known authority. Meat forms uric acid, which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders comes from sluggish kidneys.

ness, constipation, dizziness, sleeplessness, bladder disorders comes from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged, kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Advt.

The Young Women's Christian clation Choral Club, of which Mrs. is director, held its first rehearsal day evening last with an excellent at-tendance. The club will, as usual, give a public concert in the spring, confining its other activities to events connected with the association.

She has brought for them a cycle of four songs by Coleridge-Taylor, which are diverse and very musical. Miss Julia Huggins will again generously donate her services to the club as

The Monday Morning Music Club will hold its first business meeting the first Monday in November, with Edgar Priest as director. The Monday Club was another activity of Mrs. Blair's but she will not return to it as director although she sustains her active membership. It is her special request that the policy of the club remain the same with Mr. Priest at its head. Mr. Priest has arranged to give some of the later works of Clough-Leighter, our American composer.

The Friday Morning Music Club has announced its first program for November 10, with a visiting artist, Mr. von Hulstyn, violinist, head of the violin department of the Peabody Conservatory of Music. Mr. von Hulstyn will be heard in solos and in the Mendelssohn trio with Mrs. Arthur Day, piano, and Miss Margaret Day, cello.
